

**Amendments to the Claims:**

This listing of claims will replace all prior versions and listings of claims in the application.

**Listing of Claims:**

1. (CURRENTLY AMENDED) ~~Feed-A feed~~ for aquatic animals that contains, in single-piece units, at least two feed mixtures of different composition, wherein the single-piece units consist of at least two contiguous zones that merge into each other and contain the feed mixtures, which are extruded and rolled, separately from each other.
2. (CURRENTLY AMENDED) ~~Feed-The feed~~ according to claim 1, wherein the individual zones display different colorations.
3. (CURRENTLY AMENDED) ~~Feed-The feed~~ according to claim 1, wherein at least one zone contains fat-rich feed.
4. (CURRENTLY AMENDED) ~~Feed-The feed~~ according to claim 3, wherein the fat-rich feed contains lipophilic additives.
5. (CURRENTLY AMENDED) ~~Feed-The feed~~ according to claim 1, wherein at least one zone contains fat-poor feed.
6. (CURRENTLY AMENDED) ~~Feed-The feed~~ according to claim 1, wherein regions with water-soluble nutrients and/or agents have a fat matrix.
7. (CURRENTLY AMENDED) ~~Feed-The feed~~ according to claim 1, wherein its floating or sinking behavior is adjusted through a combination of zones of different density.
8. (CURRENTLY AMENDED) ~~Feed-The feed~~ according to claim 7, wherein the density is adjusted through a combination of zones of different fat content.

9. (CURRENTLY) ~~Feed~~—The feed according to claim 7, wherein the density is adjusted through a combination of zones of different expansion.
10. (CURRENTLY AMENDED) ~~Feed~~—The feed according to claim 1, wherein it contains water-soluble substances that upon dissolving in water impart to the feed a propulsive force.
11. (CURRENTLY AMENDED) ~~Feed~~—The feed according to claim 1, wherein it displays as a first zone a fat-rich core and as a second zone a protein-foam shell.
12. (CURRENTLY AMENDED) ~~Feed~~—The feed according to claim 1, wherein the at least one feed zone contains enzymes, probiotics, immunomodulators, vitamins, amino acids, fatty acids, sugar, phospholipids, proteins, antioxidants, and/or plant extracts.
13. (CURRENTLY AMENDED) ~~Feed~~—The feed according to claim 1, wherein the feed unit is formed as a flake, granule, stick, pellet, or tablet.
14. (CURRENTLY AMENDED) ~~Method A~~—A method for producing a feedstuff for aquatic animals, wherein at least two feed mixtures of different content or different coloration are extruded and rolled and converted into a feed unit that consists of at least two contiguous zones that merge into each other and contain the feed mixtures separately from each other.
15. Cancelled.
